How to use the ratings

The ratings are expressed in pounds, so to calculate the rating for each horse in a future race simply deduct the number of pounds the horse is set to carry above 9 stone or add the number of pounds the horse is set to carry below 9 stone.

Guide to the ratings

0-40 very poor, selling class
 41-50 below average
 51-69 average score
 70-79 above average, especially for a first run
 80-95 high standard, group class
 96-110 group 1 class
 111+ future classic favourite

Very few horses score over 100, and only a handful have scored over 115 in the past few seasons.
